

Fairness and Equity in Assessment Task Force: Model Development Group

March 10, 2021

8-9am Virtual meeting - Zoom

Agenda

The Charge

The Model Development Group Role

Reminder from Last Meeting: Work for Next Two Weeks

Sharing Examples of Models

Sharing Thoughts on FEA Model Group Process

Work for Next Two Weeks

The Charge

The Task Force is charged with establishing a set of guidelines for UF faculty, instructors, staff, and administrators to help ensure fairness and equity in assessment in all contexts at the university. The guidelines must address fairness and equity in the entire assessment process, including development, opportunity to learn, administration, scoring, score interpretations, and the evaluation of the measurement properties of the assessment.

Groups

Guideline Development Group

Work with David Miller and Teresa Mutahi to develop the guidelines and review the recommendations from the model development group, and where mutually agreeable, implement the recommendations to modify the guidelines.

Model Development Group

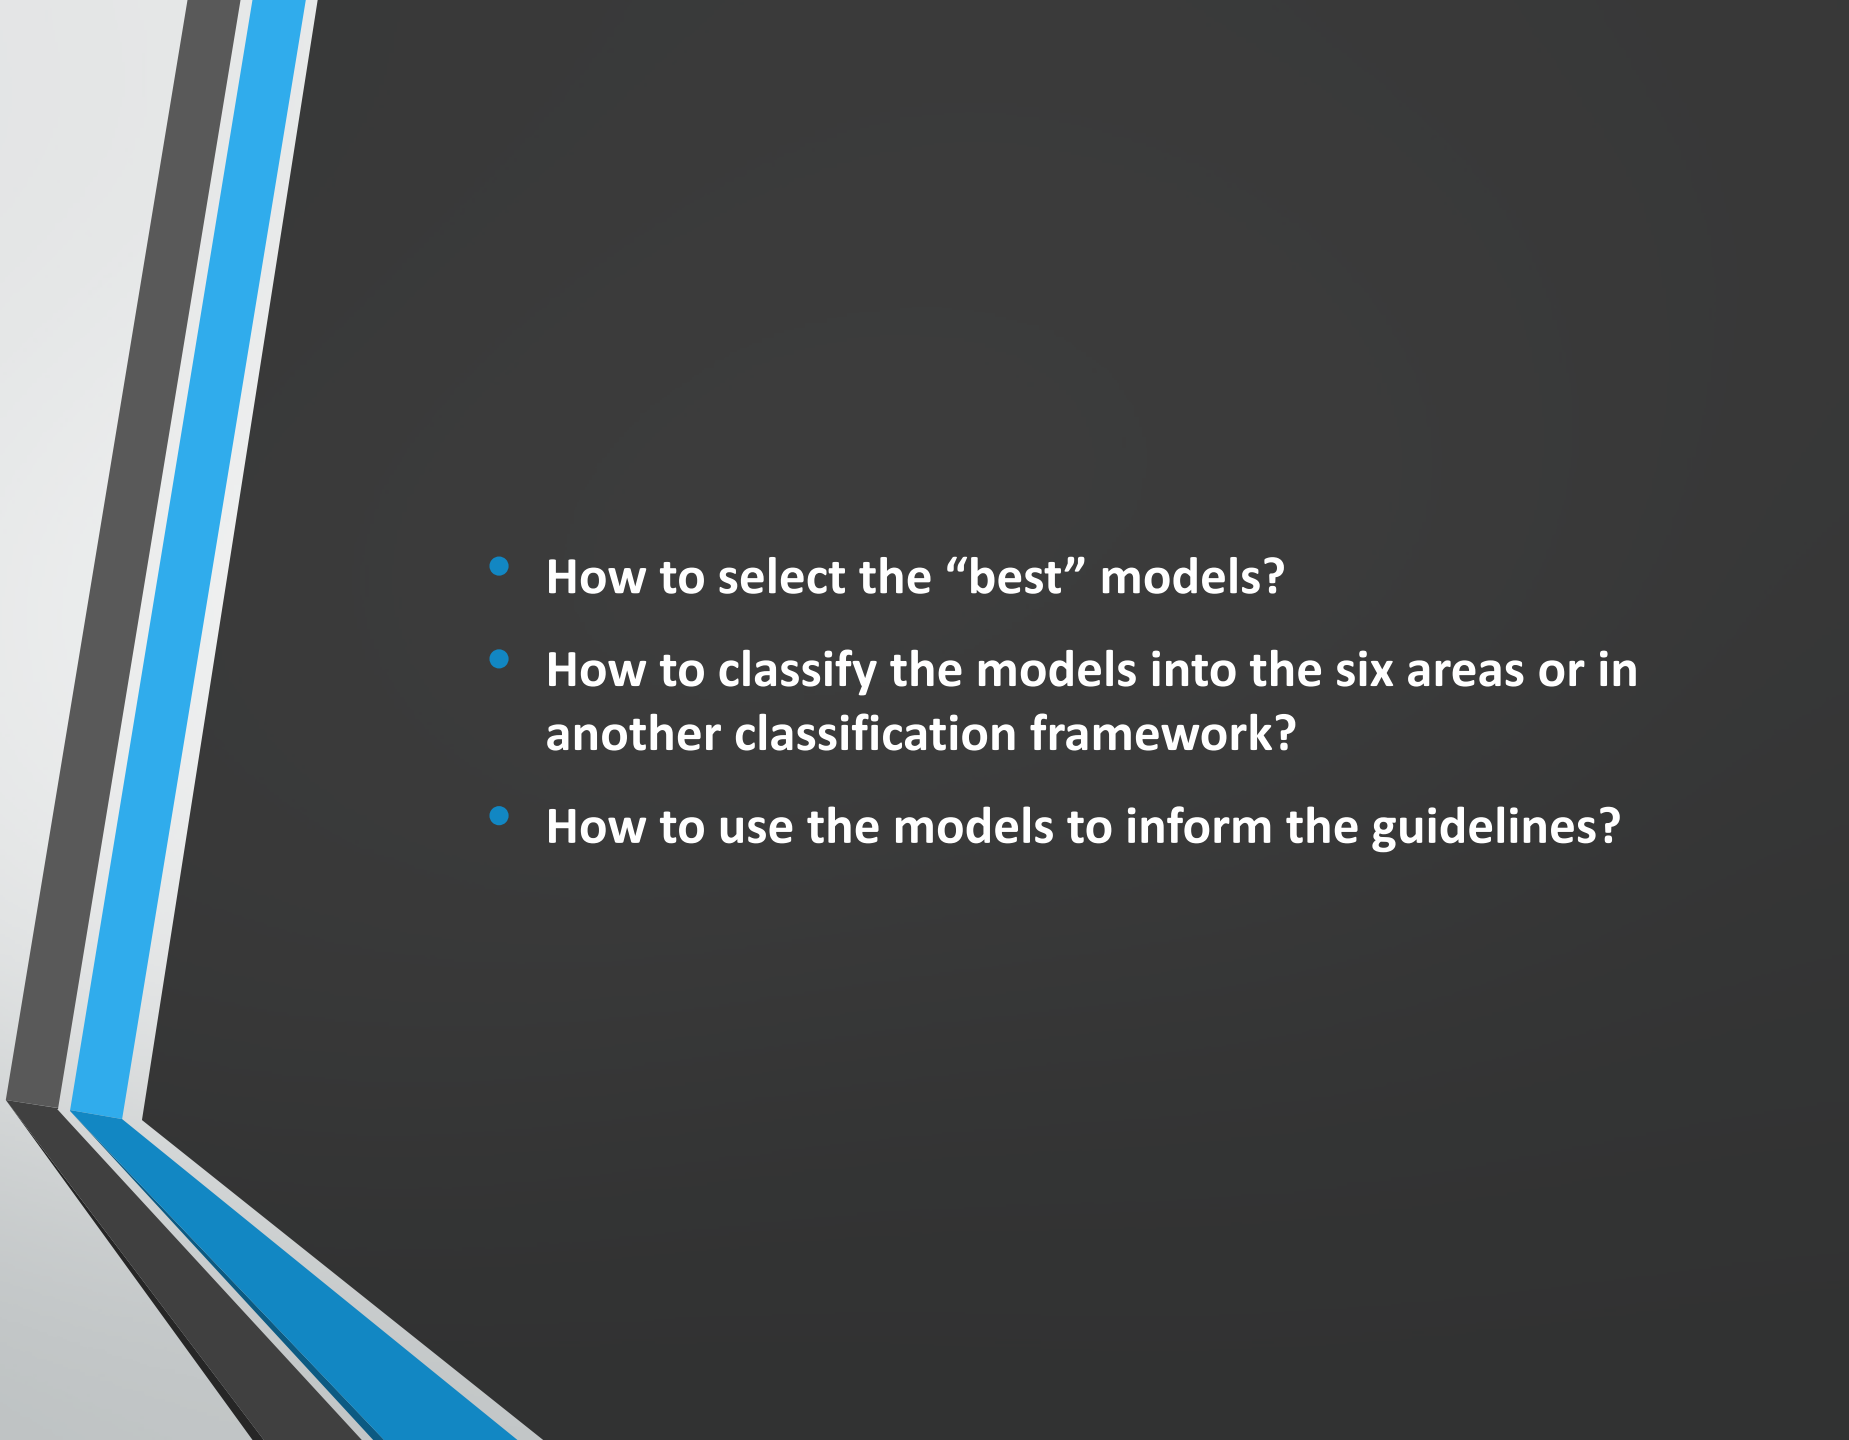

Work with Corinne Huggins-Manley to locate and develop models that operationalize the guidelines in various contexts; provide the guideline development group with modifications to increase their utility.

Reminder from Last Meeting: Work for Next Two Weeks

- **Each task force member should:**
 - locate two models they think may be relevant to the FEA task force charge and put them into the group repository
 - align each of the models with one of the assessment processes we are charged with addressing:
 1. Development
 2. Opportunity to learn
 3. Administration
 4. Scoring
 5. Score interpretations
 6. Evaluation of the measurement properties of the assessment.
 - prepare a 1-minute summary of the model to share with the group next week
 - come to the next meeting with thoughts on how to select the “best” models, how to classify the models in the above areas, how to use the models to inform the guidelines, etc...
- **The Chair (Corinne) will develop the group repository and provide information on how to use it**

Sharing Examples of Models

Open time for one-minute summaries of example models located and posted in TEAMS.

Sharing
thoughts on the
FEA Model
Group process

- How to select the “best” models?
- How to classify the models into the six areas or in another classification framework?
- How to use the models to inform the guidelines?

For Next Meeting:

- Task Force Members continue collecting models (2 per task force member prior to March 24 meeting?)**
- Corinne will bring back information from the guidelines group and their current progress**
